4K Ultra HD with Dolby Vision HDR
HDR Dynamic Contrast
Wide Color Gamut
XL Theater Audio
480 Natural Motion

Contemporary Design. Endless Entertainment.

TCL's C-Series marries stunning Dolby Vision HDR picture quality, premium sound, and a slim, contemporary design for an upscale TV experience. The award-winning Roku TV smart platform provides easy access to the most streaming content with over 4,000 streaming channels. The personalized home screen offers seamless access to over 450,000 streaming movies and TV episodes, your cable box, Blu-ray player, gaming console, and other devices without flipping through inputs or complicated menus.

TCL's C-Series delivers premium picture quality by combining Dolby Vision, the premium HDR

experience with advanced technologies that offer greater contrast and brighter, more accurate colors. With TCL's HDR Dynamic Contrast technology, content is displayed with optimized brightness for each scene ensuring life-like reproduction of images from the brightest brights to the darkest darks. The series also features Wide Color performance to achieve color space coverage that's closer to the limits of human vision and Natural Motion 480 to deliver exceptional clarity with fast action to ensure every play, every scene and every moment is crystal clear. Featuring XL Theater Audio, the C-Series offers big sound built-in with powerful front-facing speakers that immerse you in the experience.
